The Statistical Abstract of Andhra Pradesh, 1961 is the sixth issue in the series and contains the latest available data relating to the important aspects of economic and social development of the State. As usual the State figures have been given for a period of five years in all sectors and data in respect of districts is given for the latest year.

Metric units of Weights and Measures have been adopted in this issue except under the heading "Agriculture". Even in this category, metric equivalents have been given in the summary tables showing State data.

I thank the various Heads of Departments both of the State and Central Governments for their kind co-operation in bringing out this publication with the minimum time-lag. Suggestions for any improvement of the publication are most welcome.

* Total factory employment in all former part 'A' 'B' and 'C' states including Andaman and Nicobar islands for 1956 and thereafter in all re-organised states and Union Territories. The difference between Total I and Total II plus Total III in 1956 is attributable to non-availability of employment breakdown into Government and non-Government factories for certain states, vide foot-note ** below

** Figures relate to re-organised states and union territories but exclusive of Jammu and Kashmir

Note: There may be slight differences in totals due to rounding up of figures. The data also includes the estimated employment in respect of factories not submitting returns.

Rough annual estimates of average daily employment for factories not submitting returns are 31 thousand in 1956, 63 thousand in 1957, 184 thousand in 1958, 6 thousand each in 1959 and 1960
